Barcelona

About me

My name is Alex Jiménez Teba. I am 18 years old and live in Barberà del Vallès. I enjoy sports and programming. I am currently studying a Higher Vocational Degree in Multiplatform Application Development at IES Sabadell.

Work Experience

Systems Maintenance
Escola del Bosc | January 2025 - June 2025

- Assembly, configuration and optimisation of computer equipment and operating systems.
- Maintenance and monitoring of the local network and the school's central server.
- Management and supervision of data backup policies.

Academic Background

IES Sabadell
Higher Vocational Degree in Multiplatform Application Development
Currently

IES Sabadell
Intermediate Vocational Degree in Microcomputer Systems and Networks (SMX)

Certifications

- Introduction to AI-Assisted Development: Agent Programme, BIG School (Duration: 6h | June 2026)
- Introduction to AI-Assisted Development: From Zero to Production, BIG School (Duration: 6h | March 2026)

Professional Objective

My main goal is to build a career as a Fullstack Developer (Frontend & Backend).
I have a clear academic path:

- Next step: Study the Higher Vocational Degree in Web Application Development (DAW) to broaden my skills and complete my Fullstack profile.
- Long-term goal: Pursue a Bachelor's Degree in Computer Engineering.
